

August 8, 2011

Dear Clients,

In these volatile markets, and in this age of rapid – some might say overwhelming – communications, we are challenged to communicate with you in ways that will serve your needs and at the same time avoid filling your inbox with unwanted material. For example, a [letter from PIMCO](#) about the current market turmoil, which we suggest you read and carefully consider, is already linked on our Facebook page (and PIMCO'S Facebook page).

Despite its humble beginnings as a teenage obsession, Facebook has become a global forum for sharing important information in a timely manner. If you are interested in receiving news and updates from Hewins via Facebook, please click [here](#).

While you are there, don't forget to click "Like" and please feel free to encourage others to link to us and Like us. The more the merrier!

We will continue sending letters every 3-4 weeks, which will also be posted on our website, and we will call you and meet with you and we are always here when you call. None of that will change.

If you do not have a Facebook account and are concerned about setting one up, please call us and we would be happy to discuss it with you. There are easy ways to protect your privacy and still gain access to lots of useful information.

If you are a Linked In user and prefer that channel, feel free to connect with [Roger Hewins](#) directly, identifying yourself as a client or as someone interested in Hewins Financial's communications. We have much of the same information there.

Sincerely,

Roger C. Hewins III
President

Trust. Transparency. Discipline.
